

A New Generation of Families

WHAT'S MY DOMINANT LEARNING STYLE?

Place a tick mark beside the one statement in each pair that best describes your preferences when you are learning.

A B

- 1 I like learning by myself rather than working with another person or group
..... I like learning with another person or group better than working by myself
- 2 I finish one job before going on to the next one
..... I begin a new job even if I have not finished an earlier one
- 3 I begin my work without waiting to see how someone else does it
..... I prefer to wait for someone else to start before I begin
- 4 I find it easier to remember the details when I read rather than to remember main ideas
..... I find it easier to remember the main ideas when I read rather than to remember the details
- 5 I prefer true-false and multiple choice tests with one right answer
..... I prefer tests that ask me to explain reasons and write out answers
- 6 I need to have my desk and work area neat to concentrate
..... I find I can get work done even if my desk or work area is cluttered
- 7 I feel my time is wasted if the teacher doesn't put a grade on work I turned in
..... I do not mind the teacher not giving me a grade, as long as my work was recognised
- 8 I prefer competing on my own, to competing on a team
..... I prefer competing on a team, to competing on my own
- 9 I prefer to have choices as to how to accomplish assignments I am given
..... I prefer that a teacher tells me exactly how the assignment should be done
- 10..... I want to go over a test that's been graded, in order to correct what I've missed
..... I want to look over my graded test, but do not want to correct specific answers
- 11..... I find it fairly easy to ignore distractions while I work or study
..... I find it pretty difficult to ignore distractions while I work or study
- 12..... I prefer to be given an assignment in smaller parts and given it step-by-step
..... I need to know the whole assignment before I work on parts or steps
- 13..... I prefer to think about a decision and then figure out what to do by myself
..... I ask other people's opinions if I am not sure about making a decision
- 14..... I do not take it personally if someone tells me I've done something wrong
..... I automatically take it personally if someone says I've done something wrong
- 15..... I blame the test if I don't do well after having studied what the teacher told me
..... I blame myself if I don't do well on a test after having studied what the teacher told me
